Government Announcement:

It is with great enthusiasm that your Government is pleased to announce an investment in you and your family. The challenges facing the students of Division Four and Five in the Classroom Economy has been intense and with this investment, the Government feels like they are providing the tools for the students to be successful in the future.

Today's announcement:

- Starting immediately, all employees will receive a \$50 increase to their salary.
- The Government is pleased to announce a financial payment of \$200 to help aid and support families who are dealing with the rising costs of housing (desk/chairs). This is a one-time payment that will be provided in the next payday.
- The increasing demand for affordable housing and financial support from the Government, the cost of your deed (table/chair) is increasing from \$3000 to \$4500.

It is a monumental day and this Government is pleased to offer a Family First approach.
